Wildlife Violator Compact (WVC): Many states including Idaho have entered into a "Wildlife Violator Compact." If your hunting, fishing, or trapping license is revoked by any of the member states, all the remaining states will revoke the same license or privilege for the same time period. In addition, any nonresident who does not satisfy the requirements of an Idaho citation will have his/her hunting and fishing license revoked in their home state until those requirements are satisfied. For more information on the WVC and a complete list of member states, go to <http://fishandgame.idaho.gov/cms/about/enforcement/violator.cfm>

Idaho Fish and Game adheres to all applicable state and federal laws and regulations related to discrimination on the basis of race, color, national origin, age, gender, disability or veteran's status. If you feel you have been discriminated against in any program, activity, or facility of Idaho Fish and Game, or if you desire further information, please write to: Idaho Department of Fish and Game, P.O. RESIDENT LIFETIME LICENSE CERTIFICATES

Regardless of your age, purchase of a lifetime license could be the best investment you ever make. Lifetime combination hunting and fishing licenses authorize all privileges associated with a corresponding annual license. These licenses are valid for the lifetime of the license holder and are available to all residents of Idaho. If a lifetime certificate holder moves out of Idaho, they will continue to receive an annual license. Those lifetime certificate holders who move out of Idaho will have to pay nonresident tag and permit fees. The lifetime certificate does not include tags and permits. Lifetime certificates can be purchased at IDFG headquarters and regional offices.

♦ SPECIAL RESIDENT PERMITS

A disabled person is defined as one who is certified as eligible for federal supplemental income (SSI); social security disability income (SSDI); railroad retirement board disability; a nonservice-connected veterans pension; or a service connected veterans disability benefit with 40 percent or more disability. Bring current year documentation when applying. Disabled licenses can be purchased at IDFG offices, selected license vendors (see website for list), and through the mail.

Children must be at least 10 years old to purchase a hunting license and 12 years old to hunt in big game or trophy species seasons, or apply in those controlled hunts (except that someone 11 years of age may buy the junior license and apply in those controlled hunts, as long as he or she does not actually hunt with the license until turning 12). Holders of the Hunter Education Graduate License are not eligible to hunt big game, trophy species, wild turkeys, or sandhill cranes, or apply in those controlled hunts.

For licenses not listed, please visit our web page at: <http://fishandgame.idaho.gov>

- * The sportsman's package includes deer, elk, turkey, bear, and mtn lion tags; archery, muzzleloader, salmon, and steelhead permits.

For licenses not listed, please visit our web page at: <http://fishandgame.idaho.gov>

* Anyone hunting with this license must be accompanied in the field by an adult license holder close enough to be within normal conversation or hearing range without shouting or the aid of electronic devices.

** Must have a Junior Mentored hunting license. The accompanying adult must have a tag(s) for the same species, valid in the same area(s). The junior mentored deer tags are not valid for bear or mountain lion. Price not valid for leftover nonresident deer or elk tags purchased as second tags.

*** Must have a Junior Mentored hunting license or a Youth Small Game hunting license.

**** These licenses and permits are only available at IDFG offices. Disability must be certified by a medical doctor on an IDFG form.

The Southeast deer tag is valid only in units 75, 76, 77, and 78. The nonresident regular and white-tailed deer tags are not valid in these units.

Residency Requirements

RESIDENTS AND NONRESIDENTS: To buy hunting and fishing licenses with a VISA or MasterCard, call 1-800-55HUNT5, 1-800-824-3729, or go to the IDFG website at <http://fishandgame.idaho.gov> 24-hours a day. Residents must have an Idaho driver's license (to verify residency). The information must be read exactly as it appears on the license. Most licenses will be valid for use immediately. Some tags/permits are also available from these sources. The charge for processing phone-in applications is three percent (3%) of the transaction plus \$3.00; the charge for internet applications is three percent (3%) of the transaction plus \$3.50. Call 208-334-3700 for more information.

Resident:

Proof of residency is required before issuance of any resident license. A resident is defined as any person who has been domiciled in the state of Idaho, with a bona fide intent to make this his/her place of permanent abode, for a period of not less than 6 months immediately preceding the date of application for any license, tag, or permit. A senior resident is defined as any person who is over 65 years of age and who has been a resident of the state of Idaho not less than 5 years immediately preceding the date of application for a senior license or tag. Domicile means the place where an individual has his/her home to which he/she has the intention of returning whenever he/she is absent.

A driver must produce his/her Idaho driver's license as proof of residency; or a nondriver must produce suitable proof of residency, such as an Idaho Identification Card issued by the Department of Transportation, **OR** 2 documents bearing his/her name and address (not issued by himself/herself) such as: rent receipts or mortgage statements for the previous 6 months, home utility bills for the previous 6 months, notarized statement from an employer on business letterhead, proof of voter registration dated 6 months prior, or in the case of a child under 18 - identification from a parent. A previous year's hunting license is not proof of residency. Ownership of real property or paying of property taxes within the state of Idaho is **NOT** a qualification for residency. No one can claim Idaho resident privileges while claiming resident privileges in another state (except military personnel).

A member of the U.S. military service or of a foreign country, together with spouse and children under 18 years of age, residing in his/her household, who have been officially transferred, stationed, domiciled and on active duty in the state of Idaho for a period of 30 days preceding application shall be eligible, as long as such assignment continues, to purchase a resident license. A member of the Idaho National or Air National Guard, domiciled in Idaho for 30 days preceding application shall be eligible, as long as such residency continues, to purchase a resident license.

Idaho residents who are in the U.S. military service, and maintain Idaho as their official state of residence, together with spouse and children (under 18 years of age) residing in his/her household shall be eligible to purchase a resident license. The service person himself/herself is eligible to buy a furlough license from any vendor while on leave. Other permits and validations must be attached as required.

Nonresident:

You are considered a nonresident if you:

- Have a driver's license in another state
- Register to vote in another state
- File income taxes as a resident in another state
- File a homeowner's exemption in another state

The exception is **ACTIVE DUTY** military personnel, their spouses, and children under 18 living in their house, who have been permanently stationed in Idaho and have been physically present in Idaho for at least 30 days.

Ownership of real property or payment of property taxes in Idaho does not establish residence.

Nonresident Tag Quotas: There is a quota on the sale of nonresident deer and elk tags. Quotas may be exceeded under the following conditions:

- Persons who have moved into Idaho and are establishing residency who can, by affidavit, show proof of their intent to become bona fide residents, but are not now fully qualified to buy a resident license, may purchase a nonresident deer tag and/or nonresident elk tag through the headquarters or regional offices.
- IDFG may, upon receipt of an unused nonresident deer or elk tag and a notarized affidavit stating that the tag buyer has not hunted, issue an additional tag to provide a hunting opportunity within the nonresident hunter quota as follows:
- To another nonresident designated by the buyer.
- If the buyer does not make a choice and has retained an outfitter or guide, the outfitter or guide may make the designation.
- If no designation is made by the above, IDFG may sell the replacement tag on a first-come, first-served basis. The designated buyer will pay the regular fee for the replacement tag.

LICENSE INFORMATION

LICENSES, TAGS, AND PERMITS

SALE DATES: Licenses and tags go on sale December 1 of each year, but resident tags are not available until after the deer, elk, and pronghorn controlled hunt drawings are held. All licenses are valid only for the calendar year for which they are issued.

LICENSES FOR CHILDREN UNDER 12: Children must be at least 12 years of age to purchase a hunting license valid for big game EXCEPT an 11-year-old may purchase a hunting license to apply for a controlled hunt permit provided the license is not used to hunt until the person reaches 12 years of age. All new hunters must have passed a hunter education course prior to purchasing a license if born after January 1, 1975.

A youth small game license is available for hunters aged 10 and 11, but it is not valid for big game.

HUNTER AND BOWHUNTER EDUCATION REQUIRED

- To purchase a hunting license, all hunters must show proof that they have completed a hunter education course if they were born on or after January 1, 1975, unless they previously held a hunting license from another state.
- To purchase an archery permit, all bowhunters must show proof they have completed an approved bowhunter education course or show evidence of being previously licensed for an archery-only hunt in Idaho or another state, or complete an affidavit to that effect.

These options are available for hunters to complete the hunter education requirement.

- The Hunter Education Course includes 15-17 class hours plus a 2-4 hour range and live-fire exercise. The curriculum includes training in firearms safety, basic archery safety, hunting ethics, wildlife management, conservation, survival, regulations and a final written exam.
- The Bowhunter Education Course averages 12 class hours plus a field exercise. Subjects include bowhunting equipment, techniques, safety, shot placement, ethics, treestand safety, outdoor preparedness and the state final exam.
- Independent study courses include a Workbook Option and an Internet based course for hunter education and internet-based course for bowhunter education as alternatives to the traditional classroom courses for students 10 years or older. There is a small additional cost for the Internet courses that is paid directly to the course provider. All independent study courses require the successful completion of an additional 6-7 hour scheduled field day.

Course and registration information can be found on the Hunter Education Program page of the IDFG website at http://fishandgame.idaho.gov/cms/education/hunter_ed/ or obtained from a regional Fish and Game office (see page 3).

It is highly recommended that individuals planning to participate in fall hunts register for a course early in the year and prior to

June 30. Hunter education and bowhunter education classes are taught by volunteer instructors who, like other hunters, want to be afield early in the hunting season. The number of classes and independent study course field days available becomes very limited due to a decrease in instructor availability close to the hunting season.

Individuals with disabilities desiring to attend hunter or bowhunter education classes may request reasonable accommodations or obtain additional information by contacting the IDFG State Hunter Education Coordinator's office, 600 S. Walnut St. Boise, ID 83707, phone 208-334-3746, or toll free at 1-866-285-1544 or through the Idaho Relay Service at 1-800-377-2529 (TDD) or email: rfritz@idfg.idaho.gov.

HOW TO BUY A LICENSE: IDFG licenses, permits, and tags can be purchased at IDFG offices and license vendors throughout the state, or by telephone and internet. However, there are several items that can be purchased only at IDFG offices: Commercial licenses, duplicate tags, documents that require proof of disability, lifetime licenses, and bear baiting permits.

How to Purchase by Credit Card: Licenses and tags may be purchased with a credit card by calling 1-800-554-8685, 1-800-824-3729, or on the Fish and Game website: <http://fishandgame.idaho.gov>. A service fee is added for this transaction. Residents must have an Idaho driver's license or Idaho identification card to verify residency. When purchasing licenses by telephone, the buyer, on request, will be assigned a validation number which may be used in lieu of the actual license for 14 days from the date of issue. When this number is used in lieu of the actual license, the person must carry their driver's license or identification card with them. A validation number may not be used in lieu of a tag. Purchasers must wait until tags or permits arrive.

Any license, tag, or permit that is defaced, altered, or tampered with shall be invalid from the date and time of issue. It is unlawful to use or attempt to use any license that has been defaced, tampered with, or altered.

Nonresidents: If you hunt with an outfitter in Idaho, the outfitter should purchase your tags through the "outfitter set-aside" pool of tags. No outfitter should suggest that you purchase your own tags from the general nonresident pool of tags.

REFUND POLICY: No refunds will be made on resident licenses, tags, or permits. Nonresidents: in the event of illness or injury which disables a nonresident licensee for the entire applicable hunting season; military deployment due to armed conflict; or death of the license holder or his or her parent, spouse or child; the hunting license and tags may be refunded less issuance fees and a \$50 processing fee. Tags and license must be returned with proof (death certificate, obituary, written justification by a licensed medical doctor, or copy of military orders). Hunting license fees will not be refunded after the license is used to apply for a controlled hunt or purchase a turkey, mountain lion, or bear tag. The request must be postmarked by December 31 of the year in which the license

was valid, except for “event of death” refund, which must be submitted within one year of the death.

A controlled hunt permit and tag may be made available in the same hunt for purchase by an immediate family member of a person who died prior to using his/her permit, and whose family had the fees refunded. Contact Fish and Game Licenses at (208) 334-2592.

If a refund is requested for any other reason, only the fees (not the license fee) may be refunded at the following sliding scale rate:

Postmarked: Before April 1, 75% refund.
Postmarked: April 1 through June 30, 50% refund.
Postmarked: July 1 through August 31, 25% refund.
Postmarked: September 1 through December 31, No refund.

Exchange of Deer or Elk Tags: Hunters may exchange general season elk tags for use in another zone at any IDFG office. Likewise, deer hunters may exchange a general season deer tag for another deer tag at any IDFG office. A fee of \$3.75 will be charged. Only one exchange is allowed. The exchange must be completed before the first opening date for which you are eligible to hunt with the tag you are exchanging. For any area with a quota on tags, exchanges must be made before the quota for that tag type has been sold.

Bag and Possession Limits: In any calendar year a person may harvest big game animals of a species equal in number to the valid tags held for that species. If a person is selected for a depredation hunt prior to a controlled hunt season in which they hold a tag for the same unit(s), he or she must include any animal harvested under the limit and tagging rules of the controlled hunt permit. No person may take more than one animal per year during a controlled hunt season by using both a controlled hunt permit and a depredation permit.

Closed Seasons: There is NO OPEN SEASON for caribou, bison (buffalo), grizzly bear, lynx, or wolf. With the exception of bison, these are threatened or endangered species and are protected by both state and federal laws. Please report any suspected sightings of gray wolves or lynx to the U.S. Fish and Wildlife Service in Boise at (208) 378-5243 or the nearest Idaho Fish & Game office.

Furbearers: Bobcats, badgers, raccoons, and red foxes are classified as furbearers and may be hunted or trapped only during the furbearer season. No open season exists for lynx. See upland game and trapping rules.

Hunting Hours: Big game animals may be hunted ONLY from one-half hour before sunrise to one-half hour after sunset.

Possession and Sale of Wildlife Parts: Lawfully harvested wildlife parts — except edible meat from game animals — may be purchased, bartered and sold when accompanied by a written statement showing said wildlife was lawfully harvested. If black bear or mountain lion parts — excluding tanned/finished rugs or mounts — are sold or bartered, a signed written statement showing the taker's name, address, license and tag numbers, date and the location of kill must be provided to the buyer. Buyers must submit completed transaction statements to IDFG within ten (10) days of sale.

Wildlife parts legally harvested outside of Idaho may be possessed and sold in Idaho if such sale is not prohibited in Idaho or the state, province or country where harvested, or by federal law.

It is unlawful to possess any wildlife or parts that were killed, taken or obtained unlawfully.

Possession and Sale of Wildlife Found Dead:

Protected species of wildlife that have died of natural or accidental causes are generally considered property of the state and may not be possessed. However, parts of big game species —horns, antlers, elk teeth, bear and lion parts— may be recovered and possessed for personal use if said big game animal(s) died of natural causes. Lawfully recovered and possessed parts — except horns from bighorn sheep — may be sold, transferred, purchased or bartered. Wildlife that has died due to any man-inflicted cause (i.e. hit by a vehicle, poached, etc.) is not considered to have died from natural causes and is unlawful to possess.

Edible meat from game animals taken from the wild may not be purchased, bartered or sold.

Recovery, Possession and Sale of Bighorn Sheep

Horns: Horns from bighorn sheep that have died of natural causes may be recovered and possessed. All bighorn sheep horns must be presented to IDFG for marking with a permanent pin within 30 days of recovery.

It is unlawful to sell, barter or purchase sheep horns obtained under these circumstances, or to transfer ownership of recovered sheep horns without a permit from IDFG.

Predatory and Unprotected Wildlife: Coyotes, skunks, weasels, and jackrabbits are classified by Idaho law as predatory and unprotected. They may be taken in any amount year-round and at any time by holders of the appropriate valid Idaho hunting, trapping, or combination hunting and fishing licenses, provided such taking is not in violation of state, county, or city laws, ordinances, rules, or regulations.

Protected Nongame and Threatened or Endangered Species: No person shall take or possess those species of wildlife classified as Protected Nongame or Threatened or Endangered at any time or in any manner, except as provided in Sections 36-106(e)5 and 36-1107, Idaho Code, by Commission Regulation, or IDAPA 13.01.10.100.06b. Protected Nongame status is not intended to prevent unintentional take of these species, protection of personal health and/or safety, limit property and building management, or prevent management of animals to address public health concerns or agricultural damage.

Areas Closed to Big Game Hunting:

- All state parks, EXCEPT Farragut State Park and Farragut Wildlife Management Area which has a Nov 1-Dec 1 deer archery season, and Billingsley Creek at Malad Gorge State Park, Castle Rock State Park and state land within the City of Rocks National Reserve are open to all hunting.
- A portion of the Craters of the Moon National Monument is closed to hunting. For more information visit: <http://data2.itc.nps.gov/parks/crmo/ppMaps/national%20preserve.jpg>

- Nez Perce National Historical Park in Clearwater, Idaho, and Nez Perce counties.
- Harriman State Park Wildlife Refuge.
- That portion of Ada County within Veterans Memorial Park and the area between State Highway 21, Warm Springs Avenue, and the Boise City limits.
- Yellowstone National Park in Fremont County.
- On any of those portions of state game preserves, state wildlife management areas, bird preserves, bird refuges, and bird sanctuaries for which hunting closures have been declared by legislative or commission action.
- All or portions of national wildlife refuges, EXCEPT as specified in federal regulations for individual refuges.
- All Snake River islands between Glenns Ferry bridge and Sailor Creek bridge in Elmore County.
- Hagerman Fossil Beds National Monument in Twin Falls County, EXCEPT that portion within an area 50 feet in elevation above the high water level of the Snake River. The upslope area is marked by yellow fiberglass markers, and hunting is permitted downslope to the river.
- Mountain lions may not be hunted or pursued within one-half mile of any active IDFG big game feeding site.
- Black bears may not be hunted or pursued within 200 yards of the perimeter of any designated dump ground or landfill.

SPECIAL HUNTS AND PERMITS

Depredation Hunts: Special controlled hunts (not listed in these rules) are sometimes used to relieve big game damage problems on agricultural crops. If these hunts are needed, they will be held on short notice, involve small areas, and be limited to a few hunters.

How Can I Participate?

If you are an Idaho resident, with a valid hunting or combination license, fill out the form on this page and mail it to the regional office in the area(s) you are willing to hunt. You (and a partner if you like) may apply in different regions for deer, elk, and pronghorn. However, you can apply only once each year for deer, once for elk, and once for pronghorn. *(You may photocopy these forms if necessary.)*

All applications received prior to June 30 will be placed in random order. All applications received after June 30 will be placed at the end of the list in the order received. The list will be valid from July 1 to the following June 30.

What Are My Chances of Drawing A Depredation Permit?

Most regions issue only a handful of depredation permits each year. If a controlled antlerless or doe/fawn hunt is open or about to open in the depredation area, holders of those permits will be given the first option to participate in the depredation hunt. After antlerless or doe/fawn controlled hunts have ended, participants will be selected in order from the depredation hunt list. Generally, applications received after June 30 have little chance of being selected.

Landowner Appreciation Permits: You may be eligible for a Landowner Appreciation Permit if you own at least 640 acres in one hunt area that provides significant habitat values for deer, elk, or pronghorn. For further information, see the 2005 Landowner Appreciation Permit rules for deer, elk, and pronghorn or contact any department office.

Eligible landowners need to register their land and eligible applicants prior to applying for Landowner Appreciation Permits. Land registration is done at Regional offices. Landowners only need to register their land and eligible applicants once. Applications will be accepted on or after June 15 of each year. Applications received by July 15 will be randomly drawn. Any permits left after the drawing will be issued on a first-come, first-served basis.

Landowner Permission Hunts: Landowner permission hunts have been established by commission order to alleviate localized wildlife problems. Landowner permission permits will be sold on a first-come, first-served basis at Nampa, McCall, Magic Valley and headquarters IDFG offices after July 15. Any person applying for an elk or pronghorn landowner permission hunt must have a permission slip from a landowner who owns more than 159 acres in the hunt area. Permission slips must have the landowner's name, address, and signature.

Lolo Motorway Permits: A Forest Service permit is required to travel the section of the Lolo Motorway (Road 500) between Parachute Road 569 and Weitas Butte Road 557 from July 15 - October 1. Permits are not required from October 2 through July 14. No permit is needed to cross into Gravey Creek on Road 107. The permits will be required during the Lewis & Clark commemoration years (2003-2006). To apply for a permit or for more information, visit www.fs.fed.us/r1/clearwater, or call the Lochsa Ranger District at (208) 926-4274.

INL Elk and Pronghorn Permit: A pass is required from the IDFG office, 4279 Commerce Circle, Idaho Falls, to hunt elk in the Lemhi, Beaverhead or Snake River Elk Zones or pronghorn in Units 51, 58, or 63 within one-half mile inside the north and east boundary of the INL which is adjacent to agricultural land. Hunting of all other species on INL land is prohibited.

Nonresident Reduced Bear and Mountain Lion Tags: In the Lolo, Selway, or Middle Fork Zone units (Units 10, 12, 16A, 17, 19, 20, 20A, 26, and 27), and in that portion of Unit 16 north of the Selway River, nonresidents may use Reduced Bear or Reduced Mountain Lion tags, available at the discounted price of \$31.75. Reduced Bear and Reduced Mountain Lion tags are valid ONLY in these units. *To hunt bears and lions in any other unit, hunters must purchase a regular bear or lion tag at the regular price.* **Hunters who have already purchased a bear or lion tag at the regular price will not get a refund to purchase a reduced tag.**

Second Bear and Lion Tags: Hunters may take a second black bear or mountain lion in the following units: 10, 12, 16A, 17, 19, 20, 20A, 26, 27, and that portion of Unit 16 north of the Selway River (see pages 62-69). Second bear and lion tags are valid ONLY in these units. Second bear and mountain lion tags will be sold at the same price as Reduced Bear and Lion tags.

Your Social Security Number is Safe: The 1998 Idaho Legislature passed the requirement that all applicants for licenses issued by the state, including hunting or fishing licenses, tags, and permits, must give their social security number in order for a license or permit to be issued. The Idaho Privacy Law protects your social security number. Your social security number is considered confidential, will not be printed on your license and WILL NOT be given to any private person or organization.

Mandatory Hunter Reporting Requirements: All deer, elk, and pronghorn hunters will be provided a Harvest Report Card with each tag. All hunters must complete and submit a report (by mail, fax, phone, or internet) for each tag issued within 10 days of harvest. Hunters that do not harvest are required to file a report within 10 days after the close of the hunting season.

Mandatory report cards may be mailed to Hunter Harvest Reports, P.O. Box 70007, Boise, ID 83707-0107. Internet reports may be filed under the hunting section of the Fish and Game website at <http://fishandgame.idaho.gov>

Prescribed Burning: Prescribed burning is the use of fire to restore forests and rangelands and improve conditions for wildlife. Prescribed fire may be planned in your hunting unit. STAY INFORMED. Contact your local land management agencies.

Livestock Health Certificate Requirement: Anyone bringing livestock or hunting dogs into the state of Idaho should call the Idaho Department of Agriculture (208-332-8540) for information about health certificate requirements.

Livestock Weed-Free Hay Requirement: While on National Forest Lands or Idaho Department of Fish and Game Wildlife Management Areas, anyone using pack animals or using straw in their camp must only use noxious weed-free certified hay, forage or straw. This prevents the spread of noxious weeds. To obtain an up-to-date list of local growers and vendors with noxious weed-free certified forage for sale, call the Department of Agriculture at 208-332-8592 or check their website: <http://www.idahoag.us/Categories/PlantsInsects/NoxiousWeeds/nwffs.php>.

For more information on the Noxious Weed-Free Forage certification program please visit: <http://idahoag.us/Categories/PlantsInsects/NoxiousWeeds/indexnoxweedmain.php>.

PROPER TAGGING AND TRANSPORTATION OF ANIMALS AND MEAT

PROPER TAGGING AND TRANSPORTATION OF ANIMALS AND MEAT

Immediately after any deer, elk, pronghorn, black bear, or mountain lion has been killed, all hunters must comply with the following regulations regarding the proper tagging, transportation, and shipment of a carcass:

- The appropriate big game tag must be validated and securely attached to the animal. The validated tag must remain attached to the carcass until the meat is processed and placed in final storage for personal consumption.

How to properly tag an animal:

Hunters must completely remove two notches indicating month and day of kill.

Proper location of tag:

- Deer, elk, pronghorn, and black bear: Attach to the largest portion of the carcass. The tag must remain attached during transit to a place of meat-processing and must accompany the processed meat to the place of final storage or final consumption.
- Mountain lion: Attach to the hide.

Transportation issues:

Any person who transports any wildlife for another hunter or receives any wildlife for cleaning, processing, or storage must be in possession of a written proxy statement signed by the person who killed the animal. Please use the proxy statement provided below.

How to preserve evidence of sex

Evidence of Sex Must Be Naturally Attached on All Harvested Big Game Animals

Deer, elk and pronghorn: In antlered animals, the evidence of sex requirement is met when the head, horns, or antlers are left naturally attached to the whole carcass or to a front quarter. If the head, horns, or antlers are removed, leave the sex organs attached to the carcass until it reaches the final place of storage or consumption. Plus, the horns or antlers must accompany the carcass while in transit. In antlerless animals, if the head is removed, leave the udder or vulva attached to the carcass until it reaches the final place of storage or consumption. If it's a male antlerless elk, deer, or pronghorn, leave the head attached to the carcass or leave the sex organs attached until the carcass reaches the final place of storage or consumption.

In spike elk or brow-tined elk, two-point, three-point, or four-point-only deer seasons, the evidence of sex requirement is met when the head, with both complete unaltered antlers, is left naturally attached to the whole carcass or to a front quarter. If the head or antlers are removed, leave the sex organs attached to the carcass until it reaches the final place of storage or consumption. Plus, both complete, unaltered antlers must be naturally attached to each other and must accompany the carcass while in transit.

In antlerless, doe/fawn, or female-only seasons, if the head is removed, leave the udder or vulva attached to the carcass until it reaches the final place of storage or consumption. If it's a male antlerless elk, deer, or pronghorn, leave the head attached to the carcass or leave the sex organs attached until the carcass reaches the final place of storage or consumption.

For black bears and mountain lions, external evidence of sex must be left naturally attached to the hide until the mandatory check requirement has been satisfied.

In seasons restricted to mule deer only or white-tailed deer only, if the head is removed, the fully-haired tail must be left naturally attached to the carcass.

WEAPON RESTRICTIONS

Rifle and Shotgun

In any hunt, including any-weapon seasons, it is unlawful to pursue or kill big game animals:

- With any electronic device attached to, or incorporated on, the firearm or scope.
- With any firearm that, in combination with a scope, sling and/or any attachments, weighs more than 16 pounds.
- With any fully automatic firearm.
- With any shotgun using shot smaller than #00 buck.
- With any rimfire rifle, rimfire handgun, or muzzle-loading handgun, except for mountain lion.

Short Range

In big game seasons restricted to short-range weapons, it is unlawful for hunters to use any weapon other than a muzzleloader, archery equipment, crossbow, or a shotgun using slugs or shot of size #00 buck or larger.

Muzzleloader

Muzzleloading Rifle or Musket

In any hunt, including general any-weapon seasons and short-range hunts, it is unlawful to pursue or kill big game animals:

- With any muzzleloading rifle or musket that is less than .45 caliber for deer, pronghorn, or mountain lion; or is less than .50 caliber for elk, moose, bighorn sheep, mountain goat, or black bear.

Muzzleloader-Only Season

Any person hunting in a muzzleloader-only season, including controlled hunts and traditional hunts, must have in possession their license with muzzleloader permit validation.

During a muzzleloader-only season, it is illegal to pursue or kill a big game animal with any firearm, muzzleloading pistol, or weapon other than a muzzleloading rifle or musket.

In addition, the muzzleloading rifle or musket must be:

- Capable of being loaded only from the muzzle.
- Equipped with only open or peep sights.
- Loaded only with black powder, Pyrodex, or synthetic black powder.
- Equipped with a single or double-barrel.
- Loaded with a projectile of at least .428 caliber.
- Equipped only with a flint, percussion cap or musket cap. 209 primers are unlawful.

Traditional Muzzleloader Season

During a traditional muzzleloader-only season, in addition to restrictions noted above under muzzleloader and muzzleloader-only, it is illegal to pursue or kill a big game animal with any firearm other than a muzzleloading rifle or musket with an exposed hammer that pivots, and:

- Is loaded only with loose black powder, Pyrodex, or synthetic black powder.
- Is loaded only with a patched round ball or conical non-jacketed projectile comprised wholly of lead or lead alloy. Sabots are not allowed.

Archery — Archery Equipment

In any hunt, including general any-weapon seasons and short-range hunts, it is unlawful to pursue or kill big game animals:

- With arrows or bolts having broadheads measuring less than 7/8 inch in width and having a primary cutting edge less than 0.015 inch thick.
- With any bow having a peak draw weight of less than 40 pounds up to or at a draw of 28 inches.
- With an arrow wherein the broadhead does not precede shaft and nock.
- With any chemicals or explosives attached to the arrow or bolt.
- With arrows or bolts having expanding broadheads.
- With arrows or bolts having barbed broadheads. A barbed broadhead is a broadhead that has any portion of the broadhead forming an angle less than 90 degrees with the shaft or ferrule.
- With any electronic or tritium-powered device attached to an arrow or bow.
- With any bow capable of shooting more than one arrow at a time.
- With any compound bow set at more than 65% let-off.
- With an arrow or bolt, and broadhead with a combined total weight of less than 400 grains.
- With an arrow less than 12 inches from broadhead to nock inclusive.

Archery-Only Season

Any person hunting in an archery-only season, including controlled hunts, must have in possession their license with archery permit validation. During an archery-only season, it is illegal for hunters to use any firearm, crossbow, or implement other than a longbow, compound bow, or recurve bow, or:

- Use any bow equipped with magnifying sights.
- Use any device that holds a bow at partial or full draw. EXCEPT handicapped hunters possessing a permit may use a device that holds a bow at partial or full draw. (Applications for the use of devices holding a bow at partial or full draw by handicapped hunters are available at IDFG offices).
- EXCEPT handicapped hunters possessing a permit may use a crossbow. (Applications for the use of crossbows by handicapped hunters are available at IDFG offices).

Dogs

Dogs may be used to take or pursue black bear and mountain lion in some seasons. See the pages for those species. Dogs may not be used to take or pursue any other big game species.

Any dog found running at large and actively tracking, pursuing, harassing, attacking, or killing any big game animal EXCEPT black bear and mountain lion may be destroyed without criminal or civil liability by the director, any peace officer, or other persons authorized to enforce Idaho wildlife laws.

ROADS, TRAILS, MOTOR VEHICLES and WILDLIFE

What You Need to Know

Motor vehicles play an important role in hunting. They have always been used to travel from home to the hunting area. As vehicles were improved hunters took them farther and farther from the main road. At the same time more and more roads were built, particularly in Idaho's forests. With the advent of trail motorcycles and ATVs, hunters left the roads and took to trails. ATVs have enabled hunters to travel cross country, an activity that has become increasingly common during the hunting season.

Motor vehicles, from pickups and SUVs to motorcycles and ATVs, have changed hunting and some of those changes have created difficult challenges for hunters, land managers and wildlife biologists. Consider the following:

- Roads that are open to motor vehicles increase access into big game habitat and as a result the number of hunters increases. Generally, the number of hunters in an area is directly related to the number of roads.
- The combination of more hunters and increased mobility of hunters in roaded areas increases the vulnerability of deer and elk to harvest. Deer and elk living in a heavily roaded area are more likely to be killed during the hunting season and for that reason these areas have fewer old bulls or bucks. It also means that hunting seasons have to be shorter to prevent over harvest.
- Research shows that slow moving vehicles on primitive roads and trails are more disturbing to elk than fast moving vehicles on highways. Slow moving vehicles traveling cross country have the same effect. Deer and elk often flee from the sound of motor vehicles and may leave the area.
- The number of ATVs in Idaho has increased five-fold since 1994; in 2005 over 90,000 off highway vehicles were registered in the state. Most people who own ATVs use them for hunting.
- Conflict is occurring where ATVs have increased access into areas that were lightly used in the past. Conflicts also occur because some people specifically select areas that are closed to motor vehicles for hunting and are upset when these rules are violated by others.
- Cross-country travel with motor vehicles can create a network of new travelways that cause erosion, spread noxious weeds, and damage fish and wildlife habitats. Much of this cross country travel occurs during the hunting season.

To reduce these impacts, Idaho's land and wildlife managers ask all hunters using motorized vehicles to stay on roads and trails and use designated routes where they're established. Do not travel cross country with a motor vehicle.

Look for Designated Routes on Public Lands

- The U.S. Forest Service and Bureau of Land Management have already established designated routes in several areas of Idaho. Please pay attention to the travel system in the areas you hunt.

For more information about travel management on Idaho's Federal lands, contact these offices or websites:

U.S. Forest Service 208-373-4007
website: www.fs.fed.us

Bureau of Land Management 208-373-4007
website: www.id.blm.gov

Access management helps both wildlife and hunters. Your support is needed. Please observe established road closures and access restrictions. Road closure violations can be reported by calling 1-800-632-5999, or any IDFG, BLM, or USFS office.

Idaho's Motorized Vehicle Restriction Rule

SEE PAGE 14 FOR COMPLETE RULE.

Wisely managing roads, trails and motor vehicles will:

- Yield more old bucks and bulls.
- Permit more hunting opportunity.
- Allow longer seasons.
- Decrease erosion.
- Reduce conflicts.
- Reduce damage to habitat and the spread of noxious weeds.

Best of all, **IT WILL MAKE HUNTING BETTER!**

Remember!

- **Observe road closures and access restrictions.**
- **Say no to cross-country travel.**
- **Stay on roads and trails open to motorized travel.**
- **Use designated routes where they're established.**
- **Follow Idaho's *Motorized Vehicle Restriction Rule*.**

MOTORIZED VEHICLE RESTRICTION RULE

The Fish and Game Commission has implemented restrictions for motor vehicle use while hunting to address many sportsmen's concerns about off-road travel. The restricted units are: 29, 30, 30A, 32, 32A, 36A, 37, 37A, 45, 47, 48, 49, 50, 51, 52, 53, 56, 58, 59, 59A, 66, 69, 70, 72 (late season), 73, 75, 77, and 78.

The rule is found at IDAPA 13.01.08.411. The rule reads:

411. Motorized Vehicle Use Restrictions.

The use of motorized vehicles by hunters as an aid to hunting big game is restricted in certain areas. This use restriction is in addition to all federal, state and local laws, rules, regulations, ordinances and orders; including, but not limited to, any motorized vehicle licensing, registration, and permitting requirements and traffic laws. Hunters must comply with all motorized vehicle limits or prohibitions instituted by the landowner or land manager. Also, this use restriction rule is not an exception from, and is in addition to, the statutory prohibition against hunting from or by the use of any motorized vehicle set forth in Idaho Code Section 36-1101(b)(1).

01. Use Restriction. In designated areas and hunts, hunters may only use motorized vehicles on established roadways which are open to motorized traffic and capable of being traveled by full-sized automobiles. Any other use by hunters is prohibited. All off-road use by hunters is prohibited.

02. Exceptions. This use restriction rule shall not apply to the following permissible motorized vehicle uses:

- a. Holders of a valid Handicapped Persons Motor Vehicle Hunting Permit may use a motorized vehicle as allowed by the land owner or manager.
- b. Hunters may use a motorized vehicle to retrieve downed game if such travel is allowed by the land owner or manager.

- c. Hunters may use a motorized vehicle to pack camping equipment in or out if such travel is allowed by the land owner or manager; however, hunters shall not hunt while packing camping equipment.
- d. Private landowners, their authorized agents and persons with written landowner permission may use a motorized vehicle on their private land; however, they may not hunt from or by the use of any motorized vehicle as prohibited by Idaho Code Section 36-1101(b)(1).

03. Restricted Areas and Hunts. This motorized vehicle use restriction shall apply to identified areas and hunts in all Big Game Management Units. The hunts and areas with a motorized vehicle use restriction are identified in the Commission's Big Game Season Proclamation, which is published in a brochure available at department offices and license vendors.

04. Defined Terms.

- a. A full-sized automobile shall be defined as any motorized vehicle with a gross weight in excess of one thousand five hundred (1,500) pounds.
- b. An established roadway shall be defined as any road that is established, built, maintained, approved or designated by any governmental entity or private landowner for the purpose of travel by full-sized automobiles. An established roadway shows evidence of repeated use by full-sized automobiles, and may include a traveled way of natural earth with depressed wheel tracks and little or no vegetation in the wheel tracks.
- c. A hunter shall be defined as a person engaged in the activity of hunting as defined in Idaho Code Section 36-202(j).

THE BUCK STOPS HERE!

As you hunt, please "use" but don't "abuse."
Hunting on Idaho's rangelands is a privilege never
to be neglected or ignored.

If you open a gate, please close it; keep vehicles
on existing roads and trails; and obey all posted signs.

HIGHWAY RIGHTS-OF-WAY

Highway rights-of-way: the entire width between the boundary lines of every highway publicly maintained when any part is open to the use of the public for vehicular travel, with jurisdiction extending to the adjacent property line, including sidewalks, shoulders, berms and rights-of-way not intended for motorized traffic. No person shall shoot from a public highway or discharge any firearm from or across a public highway.

Special Vehicle Restrictions

State and federal agencies and private landowners have established road closures in key big game areas to protect deer and elk populations. Please check with regional IDFG, Forest Service, or Bureau of Land Management offices for information regarding vehicle restrictions on roads, trails, and unroaded areas.

REMINDER: General Wildlife Laws

Waste of Game

Hunters are required to remove and care for the edible meat of big game animals, except mountain lion. This includes the meat of the front quarters as far down as the knee, hindquarters as far down as the hock, neck meat, meat along the backbone, and meat covering the ribs. It does not include meat of the head, internal organs, or meat on the bones after close trimming.

Wounding and Retrieving

No person shall wound or kill any big game animal without making a reasonable effort to retrieve it and reduce it to possession. It is unlawful to enter private property without landowner permission to retrieve game.

Electronic Calls

No electronic calls may be used to attract big game for the purpose of harvest EXCEPT such calls may be used to attract mountain lions in Big Game Units 12, 41, and 42.

It is Unlawful

- To hunt or take any wildlife without a valid hunting license on your person.
- To take any game without the proper tag or permit.
- To party hunt, or help fill another hunter's tag.
- To shoot from or across the traveled portion, shoulders, or embankments of any road maintained by any government entity.
- To hunt game from or by the use of any motorized vehicle, EXCEPT for holders of a valid handicapped person's Motor Vehicle Hunting Permit when vehicle is stopped and off public roadways.
- To operate any vehicle in an area designated as closed for that specific vehicle type.
- To operate or use as an aid to hunting a motor vehicle in violation of area, trail, or road restrictions.
- To use aircraft to locate game and communicate location to persons on the ground, or to use any helicopter to transport hunters, gear, or game except at established landing fields.
- To fail to stop and report at any game check station encountered on your route of travel, even if your hunting activity occurred outside the state of Idaho.

- To fail to produce wildlife in possession for inspection upon request of a conservation officer or other person authorized to enforce IDFG laws.
- To hunt any game species with the aid of artificial light except raccoons. See furbearer rules in Upland Game Seasons brochure.
- To hunt big game with dogs except for black bear and mountain lion. See bear and mountain lion sections for details.
- To transfer any license, tag, or permit or use another's license, tag, or permit.
- To acquire more controlled hunt permits or tags per species than that species' bag limit.
- To destroy or disturb traps, or remove any wildlife from traps belonging to others.
- To enter Idaho with livestock without a health certificate for transport and a brand inspection slip.
- To intentionally interfere with the lawful taking of wildlife or lawful predator control by another.
- To hunt any game animal by means of baiting with grain, salt in any form (liquid or solid), or any other substance (not to include liquid scents) to constitute an attraction or enticement, with the exception of applicable rules for the black bear baiting permit. (See pages 62-63.)

Trespass Law

No person may enter private land to hunt, fish or trap without permission if the land is either cultivated or posted with legible "No Trespassing" or enrolled in the Conservation Reserve Program. Proper posting means either signs, 100 square inches of fluorescent orange paint, or an entire fluorescent orange metal fence post every 660 feet around the property and at reasonable access points. It is unlawful for anyone to post public land that is not held under an exclusive control lease. Conviction of trespass on posted private property for the purpose of hunting or fishing carries a mandatory one-year revocation of hunting/fishing/trapping licenses.

Federal law prohibits unauthorized trespass on Indian-owned reservation lands for hunting, fishing, or trapping purposes.

CRP Lands are considered cultivated private fields.

TO HUNT AND FISH ON PRIVATE LAND

HELP PAY FOR ACCESS YES!

Expanding **Access Yes!** to provide more hunting and fishing access on private and public land will require additional funding. Part of the funding will come from selling chances to win "super hunt" tags. You can mail in these applications (or photocopies), purchase applications from license vendors or over the phone at 1-(800) 554-8685 or 1-(800) 824-3729 to be mailed to you, or online (see below). Phone and Internet applications have a processing fee added by the contractor providing the service which is equal to three percent of the purchase plus \$3.50.

One super hunt application = \$6.25, package of six = \$24.95, package of 13 = \$49.95. "Super Hunt Combination" applications = \$19.95 for one, \$99.95 for six and

\$199.95 for 13. Drawing dates will be June 15 and August 15. You may apply as many times as you like.

A person holding a Super Hunt tag is allowed to participate in any open hunt for the species they draw, including controlled hunts. The winner of the Super Hunt combo tag can hunt any open hunt for deer, elk, pronghorn, and moose this year. Super Hunt winners can harvest the animal for which they draw above and beyond any general season or controlled hunt tags they already hold. All other rules of individual hunts apply.

Super Hunt Combo Tag and Super Hunt applications must be received at the Fish and Game headquarters office no later than May 31, 2006 for the first drawing. Applications received after that date will be entered in the second drawing. Applications for the first drawing will not be eligible for the second drawing. **Applications received for the second drawing must be received at the IDFG headquarters office no later than July 31, 2006.** Mail applications to IDFG License Section, P.O. Box 25, Boise, ID 83707. Applicants may apply for both drawings

Online there are two ways to get applications: Print the application forms from <http://fishandgame.idaho.gov/cms/licenses/apps/> and mail them in with the proper amount of money (don't send cash - personal checks are accepted). You can also pre-pay by using your credit card to pay online at

WHAT'S NEW?

Purchasing a full-priced second bear or lion tag.

A person can first purchase a regular or a reduced priced tag for bear or mountain lion. The only second tag a person is able to purchase is a reduced priced tag valid for a specific area. The black bear hunting rules (pg. 62) states "In the Lolo, Selway, or Middle Fork Zone units (Units 10, 12, 16A, 17, 19, 20, 20A, 26, and 27), and in that portion of Unit 16 north of the Selway River, nonresidents may use reduced black bear or reduced mountain lion tags, available at the discounted price of \$31.75. Reduced black bear and reduced mountain lion tags are valid ONLY in these units. To hunt black bears and lions in any other unit, hunters must purchase a regular black bear or lion tag at the regular price. Hunters who have already purchased a black bear or lion tag at the regular price will not get a refund to purchase a reduced tag."

How do Super Hunts and regular hunts work? What rules apply?

A hunter drawn for a Super Hunt tag is allowed to hunt in any open hunt for the species drawn, including controlled hunts. The winner of the Super Hunt combo tag can hunt any open hunt for deer, elk, pronghorn, and moose this year. Super Hunt winners can harvest the animal for which they draw above and beyond any general season or controlled hunt tags they already hold. *All other rules of individual hunts apply.*

The second Super Hunt drawing will take place on August 15. At that time, Fish and Game will award Super Hunt tags for 2 deer, 2 elk, 2 pronghorn, 1 moose, and 1 Super Hunt Combo. The deadline for applications for the second Super Hunt drawing is July 31. Applications from the first drawing will NOT go into the second drawing.

**The Idaho Department of Fish and Game
is making a commitment to enhance Idaho's mule deer populations.
The Mule Deer Initiative is a focused and increased effort by Fish and Game to:**

- **Protect and Improve Habitat** • **Improve Mule Deer Numbers** • **Increase Hunter Satisfaction**

Photo © Terry Thomas

Why do we need the Mule Deer Initiative?

Mule deer are an important wildlife resource to Idaho's hunters and citizens. Southern and eastern Idaho have traditionally been well known for abundant mule deer populations providing plenty of hunting opportunity and big bucks. Since 1992, mule deer populations in portions of eastern, southeastern, and south-central Idaho are lower than desired by both Department biologists and hunters.

The Department

plans to intensively manage deer to increase the number of mule deer and increase the proportion of mature bucks.

What is being done?

Habitat loss, predators, drought, changes in hunting technique, and access are just some of the factors influencing mule deer populations and the hunting experience. Deer managers have no control over weather, climate, and human population growth. However, there is opportunity for deer managers to improve existing habitat, reduce the impact of predators, reduce elk occupation of important deer habitats, and implement hunting season and rule changes to improve mule deer hunter experience. Just as there is no single reason for the decline in mule

deer across the west, there is no

single solution. The Mule Deer Initiative includes habitat improvement projects, population management, stepped up enforcement efforts, predator control, access management and public involvement – all

in an effort to increase mule deer recruitment and survival, increase hunter satisfaction, and protect and improve habitat.

Where can I find out more?

Visit the Idaho Fish and Game website at <http://fishandgame.idaho.gov/mdi> for more information about the Mule Deer Initiative. While there, you can sign up for electronic updates on news and information about mule deer in Idaho.

How can I help?

Whether you are a landowner who wants tips on how to help mule deer or a hunter who wants to assist on habitat improvement projects, you are key to the success of the Mule Deer Initiative. For information on what you can do to help mule deer, visit the fish and game website at <http://fishandgame.idaho.gov/mdi>.

CONTROLLED HUNTS

CONTROLLED HUNT INFORMATION

Drawing Results: It is your responsibility to find out if you were successful in drawing a controlled hunt permit. Results will be available July 10 on the IDFG Internet site, <http://fishandgame.idaho.gov>.

Drawing Results: All successful applicants, except those applying for spring black bear hunts and turkey, will be notified by mail at their mailing address listed on their hunting license by July 10. Results will also be available at that time on the IDFG Internet site, <http://fishandgame.idaho.gov>. Unsuccessful applicants will not be notified.

UNCLAIMED PERMITS

Successful applicants for deer, elk, fall black bear, or pronghorn controlled hunts must pick up their controlled hunt permit and tag by August 1, 2006. All deer, elk, or pronghorn controlled hunt permits and tags not picked up by August 1, 2006 will be entered into a second controlled hunt drawing (see page 21).

APPLICATIONS

Dates:

- **Deer, elk, pronghorn, and fall black bear: May 1—June 5.**
- **Spring black bear: Jan 15—Feb 15, 2007.**

Permits: No person may hunt in any controlled hunt without having a valid controlled hunt permit (and tag) in possession. In the event a permit is issued based on erroneous information, the permit will be invalidated by IDFG and may NOT be used. IDFG will notify the permittee of the invalidation of the permit. The person will remain on the drawn list, and if there is a waiting period in a succeeding year, the person will be required to wait the specified time period.

Controlled hunt permits (and tags) may not be exchanged for general season tags.

Any person who is successful in a:

- Controlled hunt drawing for deer is prohibited from hunting in any other deer hunt (archery, muzzleloader, or general) except when the hunter has been selected in a controlled hunt drawing in an "extra" tag hunt or depredation hunt; or has purchased a leftover nonresident deer tag at nonresident price.
- Controlled hunt drawing for elk is prohibited from hunting in any other elk hunt (archery, muzzleloader, or general), except when the hunter has been selected in a controlled hunt drawing in a depredation hunt; been selected in an extra tag controlled hunt drawing; or has purchased a leftover nonresident elk tag at nonresident price.
- Controlled hunt drawing for pronghorn is prohibited from hunting in any other pronghorn hunt, including archery seasons.

Nonresident Permit Limitations: In controlled hunts with ten or fewer permits, not more than one nonresident permit may be issued. In controlled hunts with more than 10 permits, EXCEPT unlimited controlled hunts, not more than 10 percent (not a guaranteed 10 percent) of the permits may be issued to nonresidents. NOTE: If a resident applies for a controlled hunt on a group application with a nonresident, and the 10 percent nonresident limitation is met, rejection of the nonresident on the application will also result in rejection of any residents on that application.

Eligibility: Any person possessing a valid Idaho hunting license is eligible to apply for controlled hunts subject to the following restrictions:

- Holders of a Nongame Hunting License may not apply for any controlled hunt.
- Any person applying for a bighorn sheep, mountain goat, or moose controlled hunt may NOT apply for any other controlled hunt in the same year, EXCEPT unlimited controlled hunts, a controlled black bear hunt, controlled turkey hunt, extra deer, extra elk, or extra pronghorn controlled hunts, or a designated depredation hunt. Unsuccessful applicants for bighorn sheep, moose, or mountain goat controlled hunts ARE eligible to participate in "leftover" and unclaimed controlled hunt drawing or first-come, first-served sales and may apply for Landowner Appreciation Permits if otherwise qualified.
- Any person whose name was drawn on an antlered-only controlled deer hunt may NOT apply for any other controlled antlered-only deer hunt for one year (for example, if you drew a permit in an antlered-only deer hunt in 2005, you cannot apply for another antlered-only deer hunt until 2007), EXCEPT for leftover controlled hunt drawings or sales. Any person who was drawn on an antlered-only controlled elk hunt may NOT apply for any other controlled antlered-only elk hunt for one year, EXCEPT for leftover controlled hunt drawings or sales. There is NO waiting period to apply for any other deer, elk, pronghorn, or black bear controlled hunt permits. The one year waiting period does not apply to controlled hunts with an unlimited number of permits or Landowner Appreciation Permits.

RESTRICTIONS

- Only one application per person or group will be accepted for the same species, except extra deer and elk hunts.
- Several applications may be submitted in a single envelope (see the controlled hunt worksheet, page 22) as long as each application is for a single species.
- A group application for deer, elk, or pronghorn is defined as 2, 3, or 4 hunters applying for the same controlled hunt on the same application. A group application for black bear and turkey is defined as two hunters applying for the same controlled hunt on the same application.
- If a group application exceeds the number of permits available in a hunt, that group application will not be selected for that hunt.

FEES

Applicants for controlled hunts for deer, elk, pronghorn, or black bear must submit a nonrefundable application fee with each application. The fee is \$6.25 for each applicant for each species; \$1.00 of this fee may be designated for the Citizens Against Poaching program.

A single payment (either cashier's check, money order, certified check, or personal check) may be submitted to cover fees for all applications in the same envelope when using the controlled hunt worksheet and applying by mail. If a payment is insufficient to cover fees, all applications will be voided. Do not mail cash.

(continued)

Phone applications for controlled hunt drawings for deer, elk, bear, or pronghorn may be processed by using Visa, MasterCard, or Discover cards, and calling:

- 1-800-554-8685 or 1-800-824-3729

Internet applications can be made on the Fish and Game web site at <http://fishandgame.idaho.gov>. The charge for processing phone-in applications is **3% plus \$3.00**. Internet charge is also **3% of the transaction plus \$3.50**. This fee is in **addition** to the \$6.25 (per person, per species) nonrefundable application fee. Applications may also be mailed to any Fish and Game office (See page 3).

Nonresident hunting license holders who have already purchased tags will be notified to send in their tag for exchange, and \$7.75 for issuance of the controlled hunt permit. Those who do not have a tag in possession will receive a billing notice for the appropriate tag/permit fee.

Lifetime license (Certificate) holders with nonresident tag privileges, who have already purchased tags will be notified to send in their tag for exchange, and \$7.75 for issuance of the controlled hunt permit. Those who do not have a tag in possession will receive a billing notice for the appropriate tag/permit fee.

Controlled hunt tag fees should NOT be sent with controlled hunt application. Tag fees will NOT be accepted with applications except moose, sheep and goat.

Applicant Notification: All successful applicants, except those applying for spring black bear and turkey hunts, will be notified by mail at their address listed on their hunting license by July 10. Successful spring black bear applicants will be notified by mail no later than March 10, 2007. Successful applicants can purchase controlled hunt permits and tags at any license vendor, IDFG office or through the internet or by telephone at 800-554-8685 or 800-824-3729. The permit fee is \$7.75. If you are unsuccessful, you may participate in general hunts where appropriate tags are available.

Maps of your controlled hunt area are available at IDFG Regional offices.

Any person who purchases an archery pronghorn tag who is later drawn for a controlled hunt must return the unused archery tag to an IDFG office to exchange the tag for a controlled hunt tag. Please see exchange rule deadlines on page 8.

Second Choice Drawing: Single or group applications that are not drawn for the first choice hunt will automatically be entered into a second choice drawing, provided the second choice hunt applied for has not been filled.

Refunds: Fees for hunting licenses will NOT be refunded to unsuccessful or ineligible applicants. Application fees for controlled hunts are NOT refundable.

Nonresidents: Refer to refund policy on pages 7 - 8.

Over/Under Fee Payment: Overpayment of fees of more than \$5.00 will be refunded. Overpayments of \$5.00 or less will NOT be refunded and will be retained by IDFG.

LEFTOVER CONTROLLED HUNTS

Any controlled hunt permits for turkey, spring black bear, moose, sheep, goat, and sandhill crane that remain unsold after the controlled hunt drawings may be sold on the date listed on a first-come, first-served basis. Unlimited controlled hunts are excluded. The 10 percent nonresident limitation shall not apply. **Applicants with a general season tag already in possession must return it to an IDFG office to be exchanged for the appropriate controlled hunt tag.**

Applicants must submit the application fee and appropriate tag/permit fee(s) when making application for a leftover permit. Leftover controlled hunt permit purchase dates are as follows:

- Spring turkey and spring black bear: **April 1**.
- Moose, sheep, goat: **July 10**.
- Leftover permits for second deer, elk, pronghorn, bear drawing go on sale **August 25**.
- Sandhill crane: **August 30**.

First and Second Controlled Hunt Drawings

In the past, leftover and unclaimed controlled hunt permits have been sold first-come, first-served. In order to make sure everyone has equal opportunity, their will be two drawings for deer, elk, pronghorn and fall black bear hunts and two for trophy species. Any permits leftover after each second drawing will be sold first-come, first-served. Nonresident quotas and waiting period restrictions do not apply in the second drawing or leftover sales.

The application period for the second trophy species drawing will be June 15-25, with the drawing June 30. Any leftovers will go on sale July 10. Remember, application, permit and tag fees must be included for trophy species. You may apply in the second trophy drawing, or purchase a leftover moose tag, even if you have previously harvested a moose in Idaho.

Any person successful in drawing a controlled hunt permit for deer, elk, fall black bear or pronghorn must purchase it by August 1 at a license vendor or Fish and Game office. All unclaimed permits, and all leftovers, (does not include unlimited hunts) will be available for a second drawing with an application period of August 5-15. The drawing will be August 20 and any leftover permits will go on sale August 25. Applicants for leftovers who already have a general-season tag in possession must return it to a Fish and Game office to be exchanged for the appropriate controlled hunt tag. Mark your calendar for:

- May 1 - June 5 — First deer, elk, pronghorn, fall bear application period.
- June 15-25 — Second trophy species application period, if applicable.
- July 10 — Winners of first deer, elk, pronghorn drawing notified by this date.
- July 10 — Winners of second trophy species application notified by this date. Any leftovers will go on sale July 10.
- August 1 — Last date for purchase of permits from first deer, elk, pronghorn, fall bear drawing.
- August 5-15 — Second application period for deer, elk, pronghorn, fall bear.
- August 25 — Winners of second drawing for deer, elk, pronghorn, fall bear will be notified by this date.
- August 25 — Leftover permits from second deer, elk, pronghorn, bear drawing go on sale on this date.
- August 28 — Residents or nonresidents may buy a leftover nonresident deer or elk tag at full nonresident price starting this day, for use as a second tag.

APPLICATION INSTRUCTIONS

Individual or group applications that are unreadable, have incomplete or incorrect hunt or license numbers, or that lack the required information or fee will be declared void and will not be entered in the drawing. Any person desiring to change an application after it is submitted may cancel it at a regional Fish and Game office or headquarters. You must pay all fees again when re-applying.

To Complete the Application/Worksheet: Enter your first and second (optional) choice controlled hunt number. Enter the complete hunt number. All hunt numbers are four digits and **DO NOT** correspond to unit numbers. These numbers are found in the first column (left side) of the controlled hunt tables. The hunt numbers are subject to change each year so be sure to use this 2006 Big Game Seasons brochure when applying for any deer, elk, or pronghorn controlled hunt in 2006. The spring 2007 black bear controlled hunts are listed in this 2006 Big Game Seasons brochure.

Each hunting license has a 10-digit number. Enter the complete hunting license number.

CONTROLLED HUNT WORKSHEET/APPLICATION

Applications can be submitted electronically at any Fish and Game license vendor. Applications can be made using your credit card by calling 1-800-55HUNT5 or 1-800-824-3729. Internet applications can be made on the Fish and Game web site at <http://fishandgame.idaho.gov>. The charge for processing phone-in applications is three percent (3%) of the transaction plus \$3.00; the charge for internet applications is three percent (3%) of the transaction plus \$3.50. Controlled hunt worksheets can be mailed with proper fees to any Department of Fish and Game office (see page 3. **Application fee is \$6.25 per person.** The main office is Idaho Department of Fish and Game, P. O. Box 25, Boise, ID 83707.

Use this worksheet to speed up the application process. Fill in the blanks with your hunting license and controlled hunt numbers before you apply. Group Applicants: Two hunters may apply on the same application for turkey, spring and fall bear, moose, sheep, goat, Canada goose, or sandhill crane. Up to four hunters may apply on the same application for deer, elk, or pronghorn.

YOU CAN... FIGHT THE BITE! WEST NILE VIRUS

If you are headed outdoors to go hunting or fishing, take a moment to read these tips on protecting yourself and your family from mosquito bites and West Nile virus.

People and animals catch West Nile virus from mosquitoes. Most people bitten by an infected mosquito do not become ill, although some people may experience a mild fever, headaches and body aches. In rare cases, the infection may lead to a more serious illness and possibly death.

Enjoy your time outdoors by following these simple steps:

- Cover-up when you go outdoors.
- Apply insect repellent containing DEET to your exposed skin and clothing. Follow instructions on the product label, especially for children under 12.
- Take special precautions at dusk and dawn when mosquitoes are most active.
- Vaccinate your horse. Consult a veterinarian.
- Hunters should always use latex or rubber gloves when field dressing or handling wild game. As with all wild game, cook meat thoroughly.
- Report dead birds to a local District Health Department or Fish and Game office.

2006 DEER HUNTING SEASONS

HOW MANY DEER CAN I HARVEST? In general, the answer is one deer per hunter per year. But a few controlled hunts and depredation hunts offer the opportunity for hunters to harvest additional deer. In addition, deer hunters may purchase leftover nonresident deer tags at the nonresident price to get an opportunity to harvest a second deer in 2006.

No person may take more deer than the number for which he possesses legal tags.

ANTLERED DEER: Only deer with at least one antler longer than 3 inches may be taken in any season which is open for antlered deer only. In antlered-only seasons, antlers must accompany the carcass while in transit.

ANTLERLESS DEER: Only deer without antlers or with antlers shorter than 3 inches may be taken in any season which is open for antlerless deer only.

TWO-POINT DEER: Only deer with not more than two points on one side, not including the brow point or tine, and at least one antler longer than 3 inches may be taken in any season which is open for two-point deer only. A point is an antler projection that is at least one inch long and longer than the width of the projection.

THREE-POINT DEER: Only deer having at least one antler with three or more points, not including the brow point or tine, may be taken in any season which is open for three-point or larger deer only.

FOUR-POINT DEER: Only deer having at least one antler with four or more points, not including the brow point or tine, may be taken in any season which is open for four-point or larger deer only.

TRANSIT: In any hunt with point restrictions, the antlers must accompany the carcass while in transit.

SPECIES IDENTIFICATION: In seasons restricted to mule deer only or white-tailed deer only, if the head is removed, the fully-haired tail must be left naturally attached to the carcass.

Any person who receives a controlled hunt permit for deer is prohibited from hunting in any other deer hunt, EXCEPT extra deer tag hunts or by purchasing a leftover nonresident deer tag when available. See below.

EXTRA DEER HUNTS: All controlled deer hunt areas designated by an "X" are extra deer hunts, usually for antlerless deer. Hunters may apply for a regular controlled hunt and a controlled hunt designated for extra deer tags. For example, you may apply for Controlled Hunt No. 1003, and send in a second controlled hunt application for Hunt No. 1075 in area 8X. Hunters also may buy a general deer tag, and apply for Hunt No. 1075. If you draw a permit for Hunt No. 1075, you could harvest a deer during the general season and then harvest a second deer in Controlled Hunt Area 8X.

EVIDENCE OF SEX — See page 11.

LEGAL DEER IN TWO-POINT HUNTS

SPIKE MULE DEER

Legal buck under 2-point regulations if at least one antler is 3 inches or longer.

1 X 2 POINT MULE DEER

Legal buck under 2-point regulations.

2 X 2 POINT MULE DEER

Legal buck under 2-point regulations.
Not legal in 3-point or 4-point hunts.

2 X 3 POINT MULE DEER

Legal buck under 2-point regulations.
Also legal under 3-point regulations.

Point must be 1 inch or longer.

MANDATORY REPORT REQUIREMENTS: All deer hunters are required to fill out a Harvest Report within 10 days after harvest. Hunters that do not harvest are required to file a report within 10 days after the close of the hunting season.

NONRESIDENT DEER TAG - USE FOR BLACK BEAR OR MOUNTAIN LION

Nonresident deer tags, EXCLUDING Nonresident Junior Mentored deer tags, are valid to take a black bear or mountain lion instead of a deer where and when the deer tag is valid, and there is an open deer season in that unit; and there is also an open bear season if taking a bear or open mountain lion season if taking a lion in that same unit. Hunters may buy other bear or lion tags, but after the deer tag is used to harvest a deer, black bear, or mountain lion, a second deer tag may not be purchased, except to hunt in an area where the harvest of two deer is allowed, or by purchasing a leftover nonresident deer tag when available.

NOTE: Residents or nonresidents may purchase one unsold general season nonresident deer and elk tag at the nonresident price starting August 28, to be used as a second tag. The nonresident general season deer tag may also be used to tag a black bear or mountain lion instead of a deer.

ATTENTION DEER HUNTERS!

Deer hunters can choose either a regular deer tag or a white-tailed deer tag. The regular deer tag is valid for any hunt listed under “2006 Regular Deer Tag Seasons” on pages 25-29.

The white-tailed deer tag is **ONLY** valid for white-tailed deer. The white-tailed deer tag is valid for any hunt listed under “2006 White-tailed Deer Tag Seasons” on pages 30-32.

Nonresidents: To hunt deer in the Southeast corner of Idaho, units 75, 76, 77, and 78, you must have a nonresident southeast deer tag. The nonresident regular and nonresident white-tailed deer tags are not valid in these units. The nonresident southeast deer tag is not valid in any other units. “2006 Southeast Deer Tag Seasons” are on pages 27 and 29. (2007 Southeast Deer Tags go on sale first-come, first-served December 1, 2006 at 12:00 pm Mountain Time).

Prior to submitting an application for an outfitter allocated controlled hunt, you must have a written agreement with an outfitter licensed in the hunt area. Successful applicants of an outfitter allocated controlled hunt must hunt with an outfitter licensed for the hunt area. The outfitter must purchase your permit and tag by Aug. 20. Successful applicants authorize the Department to provide names and addresses to the outfitter(s) licensed for that controlled hunt. For a list of licensed outfitters in the applicable controlled hunt area, a sample written agreement, and additional information contact the Idaho Outfitters and Guides Licensing Board at their website - www.state.id.us/oglb or by calling (208) 327-7380.

Notes:

- 1 — This hunt has very limited access due to few roads, and private property.
- 2 — Youth Hunt: ONLY hunters 12 - 17 years of age with a valid license may apply for this hunt.
- 3 — Motorized vehicle use as an aid to hunting for wildlife is restricted to established roadways open to motorized vehicle traffic capable of travel by full-sized automobiles. A full-sized automobile shall be defined as any motorized vehicle with a gross vehicle weight in excess of 1500 pounds. See page 14.
- 4 — Mandatory class required - Anyone drawing a deer controlled archery-only hunt permit for this hunt must satisfactorily complete a mandatory hunter education course. The course will be administered by the Southwest Region and will include the hunt boundaries and legal restrictions, and will emphasize proper hunter ethics. Bowhunter education required.
- 5 — Short-range weapons ONLY on CJ Strike, Mud Lake, and Chester Wetlands Wildlife Management Areas.
- 6 — Short-range weapons ONLY in that portion of Unit 60A south and east of the North (Henrys) Fork Snake River, and that portion within one mile north and west of the North Fork Snake River.
- 7 — Short-range weapons ONLY in that portion of Unit 67 south and west of State Highway 26.

2006 ELK HUNTING SEASONS

Hunters may select one zone and may select either an A tag or B tag in most zones. A few zones are limited to controlled hunts. In general, A tags provide more opportunity for muzzleloader and archery hunters, and B tags provide more opportunity for centerfire rifle hunters.

Any person who receives a controlled hunt permit for elk is prohibited from hunting in any other elk hunt—archery, muzzleloader, or general, EXCEPT for depredation hunts, extra antlerless elk hunts, or by purchasing a leftover nonresident elk tag, if available.

Note: Residents or nonresidents may purchase one unsold nonresident deer and elk tag at the nonresident price starting August 28, to be used as a second tag.

ANTLERED ELK: Only elk with at least one antler longer than 6 inches may be taken in any season which is open for antlered elk only. In antlered or spike-only seasons, antlers must accompany the carcass while in transit.

ANTLERLESS ELK: Only elk without antlers or with antlers shorter than 6 inches may be taken in any season which is open for antlerless elk only.

SPIKE ELK: Only elk with no branching on either antler and at least one antler longer than 6 inches may be taken in any season which is open for spike elk only. A branch is an antler projection that is at least one inch long and longer than the width of the projection. In antlered or spike-only seasons, antlers must accompany the carcass while in transit.

BROW-TINED ELK: Only elk having at least one antler with a visible point on the lower half of the main beam which is four inches or greater in length may be taken in any season open for brow-tine elk only.

MANDATORY REPORT: All elk hunters are required to fill out a Harvest Report within 10 days after harvest. Hunters that do not harvest are required to file a report within 10 days after the close of the hunting season.

ARCHERY & MUZZLELOADER PERMITS

Any person hunting in an archery-only season, including controlled hunts, must have in possession their license with archery permit validation.

Any person hunting in a muzzleloader-only season, including controlled hunts and traditional hunts, must have in possession their license with muzzleloader permit validation.

EVIDENCE OF SEX

See page 11.

WASTE OF GAME

See page 16.

LEGAL IN SPIKE ELK HUNTS

SPIKE ELK

One antler must be at least 6 inches or longer. (Not legal in brow-tined elk hunts.)

NOT LEGAL IN SPIKE ELK HUNTS OR BROW-TINED ELK HUNTS

BRANCH ANTLERED BULL (OR LARGER)

NOT legal for spike-only hunts if branched point is longer than one inch.

Antler branch is a projection one inch or more in length.

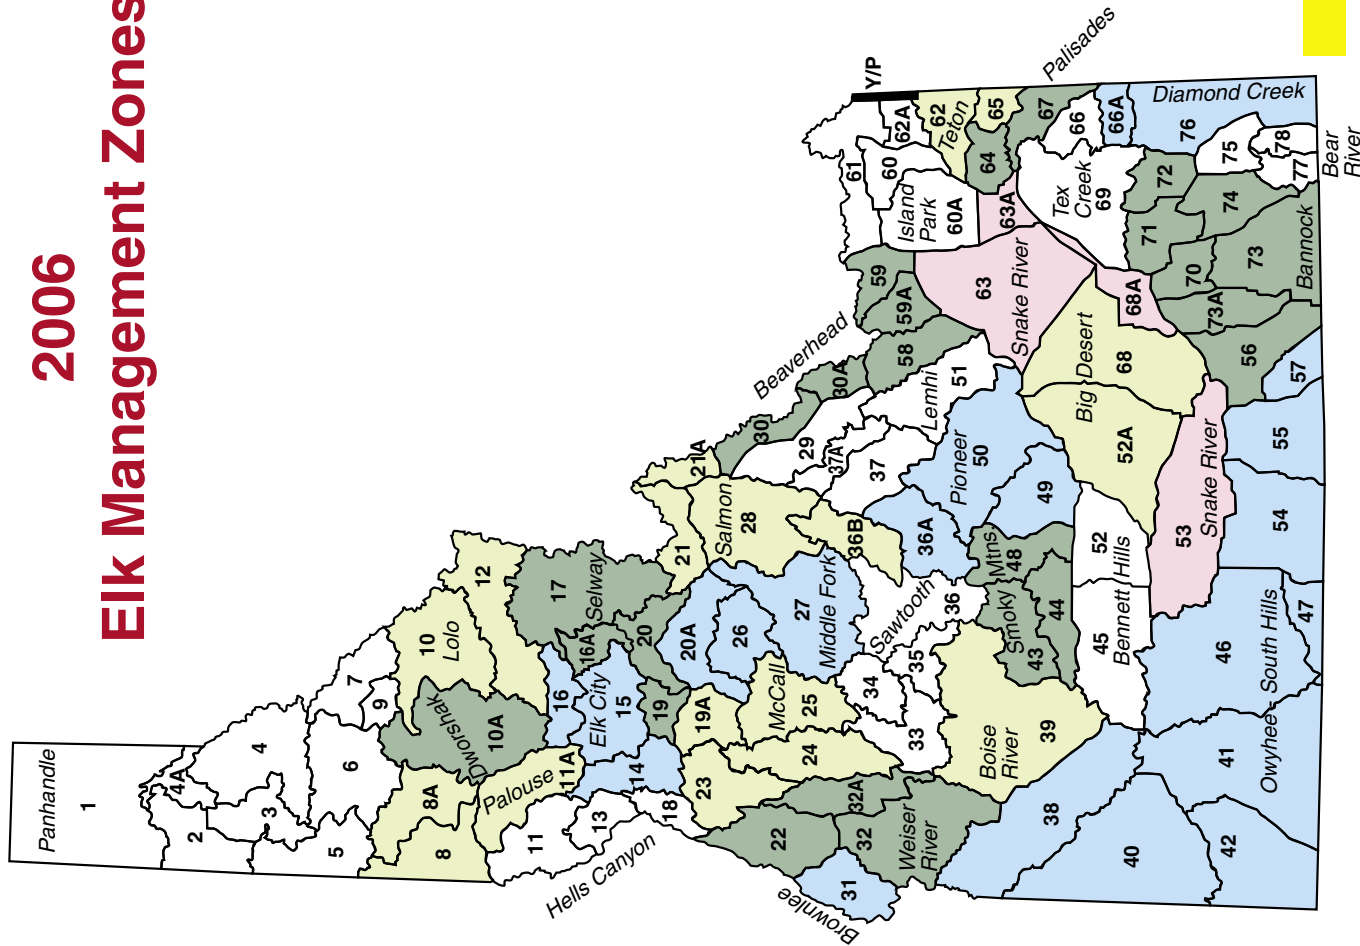

LEGAL IN BROW-TINED ELK HUNTS

Brow
Tine —

CAUTION - Archers: "Any weapon" antlerless elk hunts will be open, on or within 1 mile of private fields on which cultivated crops are currently growing, in all or parts of the following zones: Palouse, Pioneer, Beaverhead, Salmon, Lemhi, and Weiser. Additionally, an any weapon controlled hunt occurs from August 15 - September 15 in a portion of Unit 48 (see Hunt No. 2100). Please use appropriate caution.

ELK GENERAL SEASON SPECIAL AREA DESCRIPTIONS

- **Note 1 — Unit 8A Muzzleloader Spike or Antlerless Hunt** — That portion of Unit 8A east of State Highway 6 and State Highway 9 and north of the following line: Beginning at the boundary of Unit 8A at its junction with State Highway 8 at Deary, then east on Highway 8 to Forest Service Road 1963 at Helmer, then south and east on Forest Service Road 1963 to Long Meadow Creek, then southeast on Long Meadow Creek to Dworshak Reservoir, then east along the shoreline of Dworshak Reservoir to the Unit 8A boundary at Dent Bridge.
- **Note 2 — Outside the National Forest Boundary in Palouse, Lemhi, Beaverhead and Pioneer Zones, and Units 21A, 28, and 36B in Salmon Zone— Antlerless Hunts:** These hunts are open only outside National Forest boundary within one mile of private fields on which cultivated crops are currently growing. The National Forest Boundary is a legislatively set boundary — it is not necessarily the boundary of Forest Service property. State, private and other lands within the National Forest Boundary are not open to hunting during this season. (Please refer to a U.S. Forest Service map for the location of this boundary.) “Private fields on which cultivated crops are currently growing” is defined as: fields on which soil has been used or broken up for the raising of crops, and artificially irrigated pasture. “Currently” means during the current or most recent growing season. Lands enrolled in the Conservation Reserve Program (CRP) or other set-aside farm programs are specifically excluded.
- **Note 3 — Unit 39 Archery Hunt CLOSED Area:** That portion of Unit 39 within Ada County AND that portion within the following boundary: Beginning at the intersection of state highway 21 and the Middle Fork Boise River road (Forest Rd 268), east on Forest Rd 268 to Cottonwood Creek-Thorn Creek Road (Forest Rd 377), north and west on Forest Road 377 to State Highway 21, south and west on Highway 21 to the point of beginning.

Prior to submitting an application for an outfitter allocated controlled hunt, you must have a written agreement with an outfitter licensed in the hunt area. Successful applicants of an outfitter allocated controlled hunt must hunt with an outfitter licensed in the hunt area. The outfitter must purchase your permit and tag by Aug. 20. Successful applicants authorize the Department to provide names and addresses to the outfitter(s) licensed for that controlled hunt. For a list of licensed outfitters in the applicable controlled hunt area, a sample written agreement, and additional information contact the Idaho Outfitters and Guides Licensing Board at their website- www.state.id.us/oglb or by calling (208) 327-7380.

Notes:

- 1 — YOUTH HUNT: ONLY hunters 12 - 17 years of age with a valid license may apply for this hunt.
- 2 — Landowner Permission Hunts. Written permission from a landowner who owns more than 159 acres in the hunt area is required to apply for this hunt. Landowner Permission Hunt Permits will be sold on a first-come, first-served basis at the Nampa, McCall, Jerome, and headquarters IDFG offices starting Jul 15. Do not apply for this hunt during the controlled hunt application period.
- 3 — Motorized vehicle use as an aid to hunting for wildlife is restricted to established roadways open to motorized vehicle traffic capable of travel by full-sized automobiles. A full-sized automobile shall be defined as any motorized vehicle with a gross vehicle weight in excess of 1500 pounds. See page 14.

2006 PRONGHORN HUNTING SEASONS

Doe or fawn only: Only pronghorn without a black "cheek patch" or with horns less than 3 inches long may be taken during doe or fawn only pronghorn seasons.

Pronghorn archery tags may be purchased for use in any archery pronghorn hunt. Controlled hunt permits and tags issued for pronghorn controlled hunts may be used only in the hunt for which the permittee was drawn.

Any person who purchases an archery pronghorn tag who is subsequently drawn for a controlled hunt must return the unused archery tag to an IDFG office to exchange it for the controlled hunt tag at a cost of \$3.75.

Any person who receives a controlled hunt permit and tag for pronghorn is prohibited from hunting in any general season archery pronghorn hunt.

EVIDENCE OF SEX

See page 11.

Attention Pronghorn Archery Hunters!

Don't give your sport a black eye. Did you know that leaving blind material is considered littering? And, digging pits on federal land is a violation of federal law? For information on how to construct a legal blind, contact your local Bureau of Land Management office.

2006 FALL AND 2007 SPRING BLACK BEAR HUNTING SEASONS

KNOW THE DIFFERENCE!

SPECIAL TAGS

Second tags

Second tags issued for black bear may be used only in that portion of Unit 16 north of the Selway River and all of Units 10, 12, 16A, 17, 19, 20, 20A, 26, and 27. Nonresident black bear and mountain lion tags used in these units are available for \$31.75.

Nonresident Deer Tag Used as a Black Bear Tag

Nonresident deer tags, EXCLUDING Nonresident Junior Mentored deer tags, are valid to take a black bear or mountain lion instead of a deer where the deer tag is valid, and there is an open deer season in that unit; and there is also an open bear season if taking a bear or open mountain lion season if taking a lion in that same unit. Hunters may buy other bear or lion tags, but once the deer tag is used to harvest a deer, black bear, or mountain lion, a second deer tag may not be purchased, except to hunt in an area where the harvest of two deer is allowed, or by purchasing a leftover nonresident deer tag when available.

Nonresident Reduced Bear Tags:

In the Lolo, Selway, or Middle Fork Zone units (Units 10, 12, 16A, 17, 19, 20, 20A, 26, and 27), and in that portion of Unit 16 north of the Selway River, nonresidents may use Reduced Bear or Reduced Mountain Lion tags, available at the discounted price of \$31.75. Reduced Bear and Reduced Mountain Lion tags are valid ONLY in these units. To hunt bears and lions in any other unit, hunters must purchase a regular bear or lion tag at the regular price. Hunters who have already purchased a bear or lion tag at the regular price will not get a refund to purchase a reduced tag.

BAIT

Bait is defined as any substance placed to attract game animals. Bait may be used to hunt ONLY black bear and ONLY under the following conditions:

Time: No bait may be placed for the purpose of attracting or taking black bear prior to the opening of black bear take season. EXCEPT bait may be placed up to 7 days prior to the take season in UNITS 10, 12, 16A, 17, 19, 20, 20A, 26, and 27 ONLY.

- All bait containers and materials must be removed and all excavations refilled no later than seven days after the close of the spring and fall black bear seasons and after the close of the black bear dog training season.

Location: No bait site may be located within 200 feet of any water (lake, pond, reservoir, year-round free-flowing spring, or year-round free-flowing stream), or within 200 yards of any maintained trail or any road.

- No bait site may be located within one-half mile of any designated campground or picnic area, administrative site, or dwelling.

Baits: No parts of or whole game animals, game birds, or game fish may be used as bait.

- The skin must be removed from any mammal parts or carcasses used as bait.

Containers: No bait may be contained within paper, plastic, glass, metal, wood, or other nonbiodegradable materials, EXCEPT that a single metal container with a maximum size of 55 gallons may be used if securely attached at the bait site.

GENERAL RULES

- **Apply for Spring controlled hunts Jan 15-Feb 15.**
- **Apply for Fall controlled hunts May 1-June 5.**

Bag Limit: No person may take more black bears than the number for which he or she possesses legal tags.

Female Black Bear With Young: No female black bear accompanied by young may be taken.

Evidence Of Sex: For black bear, external evidence of sex (either scrotum, penis, or testicles for males or vulva for females) must be left naturally attached to the hide until the mandatory check requirement has been satisfied.

Capturing Black Bears: No person may trap, snare, or otherwise capture or hold black bears without a permit issued by the director.

Salvage Of Meat: It is unlawful for any hunter to kill a black bear and leave the meat to waste.

Mandatory Check and Report: Any hunter killing a black bear must, **within 10 days of the date of kill:**

- Present the skull and hide to an IDFG conservation officer, regional office, or official check point for removal and retention of a premolar tooth and to have the hide tagged with an official state export tag. No person shall have in possession, EXCEPT during the open season and for 10 days after the close of the season, any raw black bear pelt which does not have an official state export tag attached (either Idaho's or another state's official export tag).
- A hunter may authorize another person to comply with the above requirements if that person possesses enough information to accurately complete the necessary form.
- Please thaw your black bear hide and skull before bringing it in for tagging.

IDFG's headquarters office is not equipped to check in bears. In the Boise area, these animals can be checked at IDFG's volunteer office at 109 W. 44th St., Garden City by appointment (call 208-327-7099).

Dump Grounds: No person may hunt or pursue a black bear at any time within 200 yards of the perimeter of any designated dump ground or sanitary landfill.

- No bait may be contained in any excavated hole greater than four feet in diameter.

Establishment of Bait Sites: Any structures constructed at bait sites using nails, spikes, ropes, screws, or other materials must be removed by the permit holder within seven days after the close of the spring and fall black bear take seasons.

- All bait sites must be visibly marked at the nearest tree or on the bait container using a tag supplied by IDFG.

Baiting Permit: Baiting permits are \$12.75 each and are issued by mail or in person from IDFG regional and subregional offices beginning March 1 of each year.

- Baiting permits will be valid for the calendar year in which they are issued.

Use of Baiting Permit: All persons placing bait must possess a baiting permit issued by IDFG.

- A hunter may possess only one IDFG baiting permit each year and may maintain up to three bait sites, except the number of bait sites maintained by outfitters may be specified by the land management agency in the outfitter's operating plan.
- Bait site tags are valid for spring and fall seasons in the calendar year in which they are issued.
- No person may hunt over an unlawful bait site.
- Guides and clients of outfitters are not required to obtain a baiting permit, but they must have a copy of the outfitter's permit in their possession while hunting over a bait site.
- Possession of an IDFG baiting permit does not exempt the permit holder from any restrictions placed on users of federal, state, or private lands.

HOUND HUNTING RULES

Dogs

Dogs may be used to pursue black bears in either an open take season where use of dogs is allowed, or during a dog training season. Pursuit is allowed regardless of whether a black bear has already been harvested. During a dog training season, black bear may be pursued and treed, but may not be captured, killed, or possessed.

HOUND HUNTER PERMIT

The following persons must have a valid hound hunter permit in possession and have purchased a black bear tag for the current year when dogs are being used to hunt:

- Anyone who owns pursuit dogs.
- Anyone having control of dogs owned by another person.
- Anyone that harvests a black bear, mountain lion, bobcat, raccoon, or fox with the use of dogs, EXCEPT clients of licensed outfitters are not required to have a hound hunter permit.

Resident hound hunter permits may be obtained from any license vendor. There is no limit on the number of resident hound hunter permits.

Limitation on hound hunter permits for nonresidents: Nonresidents wanting to apply for hound hunter permits should notify the license section at IDFG headquarters office in October. Permits for the following year are issued in December. No more than 70 nonresident hound hunter permits will be issued to nonresident hunters who are not licensed outfitters (see exceptions for Middle Fork, Selway and Lolo zones). Nonresident outfitters and guides who have obtained a hound hunter permit shall not use the permit for personal hunting. Sales of nonresident hound hunter permits

to the following persons shall not be counted in the quota for nonresidents:

- **Persons who have moved into Idaho** and by notarized affidavit show proof of their intent to become bona fide Idaho residents but are not yet qualified to purchase a resident license.
- **Middle Fork Zone:** Persons who hound hunt solely in big game units within the Middle Fork elk zone (Units 20A, 26, and 27).
- **Selway Zone:** Persons who hound hunt solely within the Selway Zone (Units 16A, 17, 19, and 20). A total of 40 permits will be issued for Units 16A, 19, 20, and all of Unit 17, excluding Hunt Area 17-1 which will have six permits. Hunt Area 17-1 is defined as that portion of Unit 17 south of the following boundary:

Beginning at the junction of the Unit 17 boundary and Forest Service Trail 24, then west along Forest Service Trail 24 to the Selway River, then north along the Selway River to Forest Service Trail 40, then southwest along Forest Service Trail 40 to Forest Service Trail 3, then west along Forest Service Trail 3 to the Unit 17 boundary.
- **Lolo Zone:** Persons who hound hunt solely in the Lolo Zone (Units 10 and 12). Six permits will be issued for each of the following four hunt areas:
- **Hunt Area 10-1** is that portion of Unit 10 on the north side of the North Fork of the Clearwater River drainage downstream from its junction with Kelly Creek.
- **Hunt Area 10-2** is that portion of Unit 10 within the North Fork of the Clearwater River drainage upstream from its junction with Kelly Creek, and the Kelly Creek drainage excluding the Cayuse Creek drainage upstream from its junction with Forest Service Road 581.
- **Hunt Area 12-1** is that portion of Unit 12 north of U.S. Highway 12, and west of Doe Creek Road (Forest Service Road 566).
- **Hunt Area 12-2** is that portion of Unit 12 south of U.S. Highway 12 and west of Elk Summit Road (Forest Service Road 360).

Hound Hunter Alert: Selway and Middle Fork zones are wilderness areas! Vehicle access is restricted and rugged terrain can make pursuit extremely difficult. Contact the local Forest Service office for maps showing trails and access. Wolves may be present in any big game unit.

Grizzly bears may be found in two areas of Idaho: the Panhandle in big game unit 1 and along the Idaho/Montana border; and Southeast Idaho in the Yellowstone Ecosystem in big game units 60, 61, 62, 62A, 65, and 67.

For safety tips while hunting in grizzly bear country, download the "How to Hunt Safely in Grizzly Bear Country" brochure from the Fish and Game website.

2006-2007 MOUNTAIN LION HUNTING SEASONS

GENERAL RULES

Female With Young: Neither spotted mountain lion young nor female mountain lions accompanied by young may be taken.

Evidence of Sex: Must be left attached to the hide of any mountain lion taken. For mountain lion, external evidence of sex (either scrotum, penis, or testicles for males, or vulva for females) must be left naturally attached to the hide until the mandatory check requirement has been satisfied.

Bag Limit: No person may take more mountain lions than the number for which he or she possesses legal tags.

Mandatory Check And Report: Any hunter killing a mountain lion must, **within 10 days of the date of kill:**

- Present the skull and hide to an IDFG conservation officer, regional office or other official checkpoint for removal and retention of a premolar tooth and to have the hide tagged with an official state export tag. No person shall have in possession, EXCEPT during the open season and for 10 days after the close of the season, any raw mountain lion pelt which does not have an official state export tag attached (either Idaho's or another state's official export tag).
- A hunter may authorize another person to comply with the above requirements if that person possesses enough information to accurately complete the necessary form.
- **Please thaw your mountain lion hide and skull before bringing it in for tagging.**

IDFG's headquarters office is not equipped to check in mountain lions. In the Boise area, these animals can be checked at IDFG's volunteer office at 109 W. 44th St., Garden City by appointment (call 208-327-7099).

Capturing Mountain Lions: No person may trap, snare or otherwise capture or hold any mountain lion without having first obtained a permit issued by the Director.

Big Game Feeding Sites: It is unlawful to hunt or pursue mountain lions within 1/2 mile of any active IDFG big game feeding site.

HOUD HUNTING RULES

Dogs

Dogs may be used to pursue mountain lions in either an open take season where use of dogs is allowed, or during a dog training season. Pursuit is allowed regardless of whether a mountain lion has already been harvested. During a dog training season, mountain lions may be pursued and treed, but may not be captured, killed, or possessed.

Hound Hunter Permit

The following persons must have a valid hound hunter permit in possession and have purchased a mountain lion tag for the current year when dogs are being used to hunt:

- Anyone who owns pursuit dogs.
- Anyone having control of dogs owned by another person.
- Anyone who harvests a mountain lion, black bear, bobcat, raccoon, or fox with the use of dogs, EXCEPT clients of licensed outfitters are not required to have a hound hunter permit.
- Resident hound hunter permits may be obtained from any license vendor.

Limitation on hound hunter permits for nonresidents: Nonresidents wanting to apply for hound hunter permits should notify the license section at IDFG headquarters office in October. Permits for the following year are issued in December. No more than 70 nonresident hound hunter permits will be issued to nonresident hunters who are not licensed outfitters (see exceptions for Middle Fork, Selway and Lolo zones). Nonresident outfitters and guides who have obtained a hound hunter permit shall not use the permit for personal hunting. Sales of nonresident hound hunter permits to the following persons shall not be counted in the quota for nonresidents:

- **Persons who have moved into Idaho** and by notarized affidavit show proof of their intent to become bona fide Idaho residents but are not yet qualified to purchase a resident license.
- **Middle Fork Zone:** Persons who hound hunt solely in big game units within the Middle Fork elk zone (Units 20A, 26, and 27).
- **Selway Zone:** Persons who hound hunt solely within the Selway Zone (Units 16A, 17, 19, and 20). A total of 40 permits will be issued for Units 16A, 19, 20, and all of Unit 17, excluding Hunt Area 17-1 which will have six permits. Hunt Area 17-1 is defined as that portion of Unit 17 south of the following boundary:

Beginning at the junction of the Unit 17 boundary and Forest Service Trail 24, then west along Forest Service Trail 24 to the Selway River, then north along the Selway River to Forest Service Trail 40, then southwest along Forest Service Trail 40 to Forest Service Trail 3, then west along Forest Service Trail 3 to the Unit 17 boundary.
- **Lolo Zone:** Persons who hound hunt solely in the Lolo Zone (Units 10 and 12). Six permits will be issued for each of the following four hunt areas:

Hunt Area 10-1 is that portion of Unit 10 on the north side of the North Fork of the Clearwater River drainage downstream from its junction with Kelly Creek.

Hunt Area 10-2 is that portion of Unit 10 within the North Fork of the Clearwater River drainage upstream from its junction with Kelly Creek, and the Kelly Creek drainage excluding the Cayuse Creek drainage upstream from its junction with Forest Service Road 581.

Hunt Area 12-1 is that portion of Unit 12 north of U.S. Highway 12, and west of Doe Creek Road (Forest Service Road 566).

Hunt Area 12-2 is that portion of Unit 12 south of U.S. Highway 12 and west of Elk Summit Road (Forest Service Road 360).

Hound Hunter Alert: Selway and Middle Fork zones are wilderness areas! Vehicle access is restricted and rugged terrain can make pursuit extremely difficult. Contact the local Forest Service office for maps showing trails and access. Wolves may be present in any big game management unit.

Bobcats: Bobcats may be pursued during any open mountain lion season, but bobcats may NOT be killed except during seasons open for take of bobcats (see Idaho trapping seasons brochure).

FEMALE MOUNTAIN LION QUOTA

To find out if the quota on female mountain lions has been met and the season has been closed in a particular management unit, call 1-800-323-4334. For more specific information about the number of female lions harvested and reported for each management unit, call an IDFG regional office or the headquarters office in Boise. (See page 3.)

SPECIAL TAGS

Second tags:

Second tags issued for mountain lions may be used only in that portion of Unit 16 north of the Selway River and all of Units 10, 12, 16A, 17, 19, 20, 20A, 26, and 27. Nonresident black bear and mountain lion tags used in these units are available for \$31.75.

Nonresident Deer Tag Used as a Mountain Lion Tag:

Nonresident deer tags, EXCLUDING Nonresident Junior Mentored deer tags, are valid to take a black bear or mountain

lion instead of a deer where the deer tag is valid, and there is an open deer season in that unit; and there is also an open bear season if taking a bear or open mountain lion season if taking a lion in that same unit. Hunters may buy other bear or lion tags, but once the deer tag is used to harvest a deer, black bear, or mountain lion, a second deer tag may not be purchased, except to hunt in an area where the harvest of two deer is allowed, or by purchasing a leftover nonresident deer tag when available.

Nonresident Reduced Mountain Lion Tags: In the Lolo, Selway, or Middle Fork Zone units (Units 10, 12, 16A, 17, 19, 20, 20A, 26, and 27), and in that portion of Unit 16 north of the Selway River, nonresidents may use Reduced Bear or Reduced Mountain Lion tags, available at the discounted price of \$31.75. Reduced Bear and Reduced Mountain Lion tags are valid ONLY in these units. To hunt bears and lions in any other unit, hunters must purchase a regular bear or lion tag at the regular price. Hunters who have already purchased a bear or lion tag at the regular price will not get a refund to purchase a reduced tag.

Wolves are federally protected under the Endangered Species Act. However, in Idaho south of Interstate 90 wolves are managed under more flexible rules called 10j. On private land, wolves attacking livestock or dogs can be killed by the landowner or his immediate family on their land. On public land, wolves attacking livestock or herding/guard dogs can be killed by the grazing permittees or their paid agent. Legally permitted outfitters protecting their stock can legally kill attacking wolves. Wolves attacking pet dogs on public land cannot be killed, but can be scared away and harassed such that no injury occurs to the wolves. For more information on the new 10j rules visit: <http://fishandgame.idaho.gov/wildlife/wolves>

During 2005, biologists counted 59 packs with a minimum of 512 wolves in Idaho. Packs number between 5 - 15 wolves and may split into smaller groups to hunt. Home ranges for wolf packs are typically 250 - 400 square miles. Wolves typically travel along roads, trails, and ridgelines and can travel 20 - 40 miles in a day. Wolves will defend their home range from other wolves and other canines like dogs.

What Fish and Game is doing:

- 1) Increasing population monitoring where concerns for deer or elk exist;
- 2) Conducting monitoring of wolves;
- 3) Authorizing control of wolves that prey on livestock;
- 4) Providing information to hunters and the general public on wolves and their impacts on big game and livestock;
- 5) Assisting in enforcing laws and investigating illegal wolf kills;

You can help us manage wolves! Please report wolf pack activity. If you see wolves please note the location, number of wolves, color of wolves, and whether you saw a radio collar. Please report this information on the Fish and Game website at: http://fishandgame.idaho.gov/apps/wolf_report/report.cfm or call a Fish and Game Regional Office. Wolf reports have been used to identify new packs, and keep track of known packs. Your reports are being used to help us manage wolves.

There are a few things you can do to avoid having conflicts with wolves and other large carnivores.

- 1) After you bag a big game animal, it is wise to immediately quarter and retrieve your kill. If you must leave it in the woods overnight, it is best to hang the meat if possible, or to skin it and cover it with a tarp or plastic and leave articles of clothing at the site.
- 2) When you have retrieved your kill, hang it between 2 trees, preferably 10 feet off the ground to keep bears and other animals from getting it. Also, you should hang your meat away from camp and stock so that if a large carnivore does come in to investigate the scent, it does not scare your stock.
- 3) Wolves are now well distributed throughout the forested areas of north, central, and south central Idaho. Houndsmen should look for recent wolf sign before turning dogs out on a bear or lion track. In order to prevent conflict between hounds and wolves, some hound experts recommend that dogs be kept on a leash while tracking until the track gets fresh. Hounds by themselves should not be allowed to keep an animal treed for very long, as the sound of the hounds may attract wolves.

Actual Size
Coyote track - 2" - 3" long

THESE WEEDS ARE DESTROYING YOUR GAME HABITAT!

Be on the lookout for noxious weeds!

Non-native invasive plants, which replace native vegetation creating poor habitat for deer, elk and other game animals.

Dalmatian Toadflax
(*Linaria genistifolia*)

Rushskeleton Weed
(*Chondrilla juncea*)

Spotted Knapweed
(*Centaurea maculosa*)

Leafy Spurge
(*Euphorbia esula*)

YELLOW STARHISTLE IS DESTROYING YOUR BIG GAME HABITAT!

Yellow starthistle is a non-native plant that has become established throughout the West. It takes over native habitats, ruining it for big game species and other wildlife. Yellow starthistle currently infests nearly 300,000 acres of Idaho wild lands!

We need your help to keep it from spreading to new places.

How you can help:

- Drive only on roads and trails away from weed infested areas.
- Clean your machine. Make sure you carefully clean your ATV or truck before taking it to a new area. Even a few seeds can spread this noxious weed to new areas.
- Remove weed seeds from your pack animals, dogs, hiking boots and other gear.
- Carry only certified weed-free hay for pack animals.
- Report new weed infestations to your local county weed superintendent located under County Government in the phone book.

Pulling together, we can stop the spread of this deadly invader and help protect big game habitat.

Join us in the fight against noxious weeds and the threats they pose to Idaho's agriculture, rangelands, recreation and wildlife habitat. Phone the Idaho Weed Awareness Campaign
